

THE FLÜGEL G66

A boudoir, self-playing grand piano that is long enough to have a real tail, giving it a majestic, larger custom piano look. An imposing design statement.

Edelweiss Pianos reserve the right to change specification details without prior notice

INTERNATIONAL DELIVERY

Since our first international delivery in 1987 to this day we have maintained our 100%-nil damage delivery record.

Our Export Process consists of four key steps:

1. Vacuum seal and moisture barrier your piano for ultimate in-transit protection
2. Custom build an export-grade wooden crate to size for your piano
3. Your piano is placed into the crate and carefully secured into place with high-density Styrofoam packaging
4. Your crated piano is loaded onto a lorry and delivered to our freight forwarder for shipping direct to you

SHIPPING DIMENSIONS

Length: 201cm

Width: 84cm

Height: 181cm

Crated Weight: 500kg

Sizes are for quotation / guidance only – please contact Edelweiss for calculation of an accurate delivery cost if required

YOUR PIANO CARE REQUIREMENTS

A beautiful 'living' acoustic instrument, your Edelweiss Piano will require some ongoing care and maintenance:

- Piano Tuning – every six months
- Self-Play Service – annually
- Climate Control System Service – annually (if installed)
- Full Service & Regulation Check – recommended annually

Don't want the hassle of arranging the yourself?

Sign up to our TotalCare subscription care plan. From as little as £59 a month you can have the Edelweiss Team take on all the care requirements for your piano. Call +44 (0)1223 881691 to find out more.
